

# LAB FURNITURE

**WORKING STATIONS**

**TABLES**

**SINKS AND CONTAINMENT**

**WORK AND STORAGE**

Our cabinets and casegoods are available in your choice of the following finishes:

- Cherry,
- Walnut,
- Mahogany
- and Natural finishes with an acid/chemical-resistant acrylic top coat.

Our lab furniture has a 1/4" solid hardwood plywood back is dadoes into end panels and bottom and are securely fastened.

All joints are rabbeted, glued and screwed. Full-framed top and solid bottom provided for complete case rigidity. End panels are constructed using 3/4" seven-ply hardwood plywood with front exposed edges faced with 1/4" hardwood edging.

Shelves are constructed using 3/4" seven-ply hardwood plywood and have hardwood facing on the front edge. They are fully adjustable using KV-255 Brass shelving standard with KV-256BR Brass shelving support. Solid bottom constructed with 3/4" seven-ply hardwood plywood bottom with a solid 1/4" hardwood facing on front edge. A convenient 4" high toe space is totally enclosed. Maximized flush interior design allows for the maximum amount of storage space.
